Sr. CCs/CLIs
Delhi Division
Northern Railway

Sub: Regarding availability of 04 (four) nos. of wooden wedges in the Locomotives.

In reference to above, it is advised that all the LPs, ALPs & LPSs should be instructed to ensure that whenever they turn out the Locomotives from shed, four (04 nos) of wedges must be available in the Locomotives which is used for securing/stabling the Locomotives in order the prevent roll-down of the same.

Therefore, kindly counsel all LPs, ALPs & LPSs to ensure the availability of four nos. of standard sized wooden wedges in healthy condition at the time of turn out from the shed.
