Training regime standardisation for Automatic signalling

1. One day intensive counselling of LPs/ALPs regarding **Automatic signalling system** by CLI, every six months, at lobby followed by an MCQ Test on PC at lobby / ETC / DRM Office, before award / renewal of competency certificate. During intensive counselling, following may be stressed upon:
 - a. System of working in automatic signalling territory.
 - b. All relevant forms issued during abnormal working in automatic section with prescribed speed restrictions.
 - c. Bite size animated videos will be developed on the mistakes usually committed by Crew.
2. Whenever intimation is received for introduction of new automatic signalling territory:
 - a. Two days training of all LP/ALP shall be started at lobby / ETC / DRM Office by CLIs and issuance of competency certificate to work in automatic section. CCC/Lobby will ensure updation in CMS.
 - b. Further, after commissioning of new automatic territory. Intensive counselling of all LP/ALP every two months in the first year of introduction should be ensured. After that periodicity of every 06 months shall be introduced.
3. CLI awarding / renewing the competency to undergo training on automatic signalling :
 - a. ZRTI for 3 days every 3 years
 - b. An existing module of 2 days for CLI at IRISSET is re-designed for 3 days for imparting training on Automatic Signalling.
4. Provision for MCQ tests is available at Chalak Dal and CMS for competency which shall be used for Automatic Signalling :-
 - a. By CLIs for testing of staff after one day intensive training.
 - b. By LPs/ALPs for self-testing every two months. This will help CLI to assess weak areas of LPs/ALPs and counsel accordingly.
5. ZRs to provide desktop PCs needs at all lobbies in CLI counselling room(s) for assessing by MCQ test during intensive training.
